Subject: Medicaid Continuous Coverage Unwinding and Medicaid Expansion Preparation

The Department of Social Services has received notification of funding from NC DHHS specific to the Continuous Coverage of Medicaid Unwinding and in preparation for Medicaid Expansion. Medicaid Expansion legislation signed into law by Governor Cooper in March 2023 (S.L. 2023-7/House Bill 76) included funding to offset counties' administrative costs associated with implementing expansion. Per S.L 2023-7, monthly funding allotments would be available after October 1, 2023. In response to immediate needs, NCDHHS has allocated funding to counties to support their efforts in the interim period from now until the funding from S.L. 2023-7 is available. Funding is allocated in a one-time (lump-sum) payment based on a 5-month period (May through September 2023). This funding is provided to support only incremental work resulting from Continuous Coverage Unwinding and Expansion implementation planning efforts and should not be used to supplement historical county spend. Any unused funds or any funds not used for eligible expenditures incurred through June 30, 2024, must be reverted back to DHHS.

Allocation received for Continuous Coverage Unwinding and Medicaid Expansion implementation is \$130,377.68. There is no county match required. The Department is requesting that these accounts be established.
