### Exhibit A Strategies (High-Impact Abatement Strategies)

- 1. <u>Collaborative strategic planning:</u> to address opioid misuse, addiction, overdose, or related issues
- 2. Evidence-based addiction treatment: defined by the American Society of Addiction Medicine as pharmacotherapy (medication) and/or psychosocial treatment (counseling)
- 3. <u>Recovery support services:</u> peer support specialist (PSS) or care navigator in community-based organizations (health departments, detention facilities) to support people in treatment or recovery to care connections that improve their health and well-being
- A. <u>Recovery housing support</u>: assist with rent, move-in deposits, or utilities; or fund recovery housing programs that provide housing to people on Medication-Assisted Treatment for OUD
- 5. <u>Employment-related services:</u> such as job training, job skills, job placement, interview coaching, or courses at community colleges or vocational schools as well as transportation vouchers to facilitate these activities
- 6. <u>Early Intervention</u>: a program or service that encourages early identification and intervention for children and adolescents who are struggling with problematic use of drugs

### Exhibit A Strategies Continued...

- 7. <u>Naloxone distribution</u>: to persons at risk of overdose or their social supports. Narcan/Naloxone is the MOST effective way to reverse an opioid overdose.
- 8. <u>Post-overdose response team</u>: connect individuals who have experienced non-fatal overdose to treatment, recovery, or other services to support their well-being
- 9. <u>Syringe service programs:</u> provide syringes, naloxone, or other harm reduction supplies and connect clients to prevention, treatment, or other supports
- 10. <u>Criminal justice diversion programs</u>: pre-arrest or post-arrest diversion programs, or pre-trial service programs that connect individuals involved or at risk of criminal justice involvement to treatment, recovery, or other services that support their well-being
- 11. <u>Addiction treatment for incarcerated persons</u>: evidence-based addiction treatment, including Medication-Assisted Treatment for individuals incarcerated
- 12. <u>Reentry programs:</u> connect incarcerated individuals to addiction treatment, recovery support, harm reduction, or other services that support their well-being

### Exhibit B Strategies Additional Opioid Remediation Activities

- A. <u>Treat opioid use disorder (OUD)</u>: expand availability of MAT and telehealth treatment for OUD
- B. <u>Treatment and Recovery</u>: comprehensive wrap-around services
- C. <u>Connections to Care</u>: Fund Screening, Brief Intervention, and Referral to Treatment (SBIRT) programs
- D. <u>Support criminal-justice-involved persons</u>: Active outreach strategies such as the Drug Abuse Response Team (DART) model, pre-trail services, and recovery courts
- E. <u>Support Women, Families, and Babies</u>: Child and family support for women with OUD, including supporting evidence-based medication assisted treatment (MAT)
- F. <u>Appropriate opioid prescribing and dispensing</u>: Continuing Medical Education (CME) on appropriate prescribing of opioids
- G. <u>Prevent Misuse of Opioids</u>: media campaigns to prevent opioid misuse and drug take-back disposal programs

### Exhibit B Strategies Continued...

- H. <u>Harm Reduction</u>: Increase availability and distribution of Narcan/naloxone; Enable school nurses and other school staff to respond to opioid overdoses, and provide them with Narcan/naloxone training and support
- I. <u>First Responders:</u> Educate law enforcement or other first responders regarding appropriate practices and precautions when dealing with fentanyl or other drugs; wellness and support services for first responders and others who experience secondary trauma associated with opioid-related emergency events
- J. Leadership, Planning, and Coordination: Funding for staff training to improve the capability of government, community, and not-for-profit entities to abate the opioid crisis
- K. <u>Training:</u> Funding for staff training to improve the capability of government, community, and not-for-profit entities to abate the opioid crisis
- L. <u>Research</u>: Monitoring, surveillance, data collection, and evaluation of programs and strategies

### What Exhibit B strategies are other counties

### funding?

Which local governments have reported plans to fund strategies in Exhibit B?

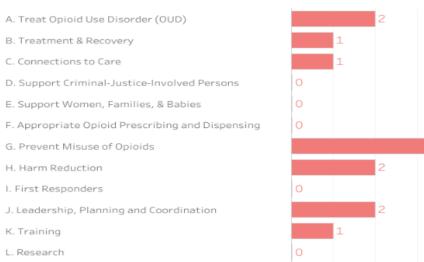

**Exhibit B** strategies are activities from the National Settlement Agreement available to local governments only after engaging in a collaborative strategic planning process.

### Where is Alamance County now?

- > The Health Department is currently in the planning and assessment phase.
- > We are considering:
  - -What does success look like for Alamance County?
  - What are our needs?
  - Where are there gaps in services?
  - What organizations/agencies are already doing this work?
- Collecting feedback from community stakeholders, municipalities, people who use drugs, and individuals in recovery.
- > Exploring current and future initiatives and programming.
- Participating in monthly meetings to learn what strategies other counties are implementing and learning from the opioid settlement technical assistance team.
- > Attend the annual Opioid Summit hosted by the NCACC
- Visiting other counties to learn from their current and future programming (Surry and Forsyth)
- > Collecting opioid and substance-specific data in Alamance County.

### What's Next?

- Continued data collection and summarization to determine prioritized strategies.
- The Health Department will develop a proposal for the Board of Commissioners consideration.
- Our proposal will define goals, current services available, service gaps and needs, and recommended prioritized strategies to fund.
- We anticipate having a proposal before the board in Spring of 2024.
