

Alamance County Board of Commissioners

ACTION ITEM AGENDA ITEM

MEETING DATE: 6/2/2025

DATE SUBMITTED: 5/22/2025

FROM: Bruce Walker

DEPT: County Management

AGENDA TITLE: Interlocal Agreement with Burlington for shared CAD Dispatch Software

TO: Alamance County Board of Commissioners

ISSUE/ACTION REQUESTED:

Interlocal Agreement between Burlington Alamance for shared 911 CAD System

BACKGROUND/PURPOSE OF REQUEST:

This is a required step before we can sign a contract for the new 911 CAD software. This agreement outlines shared costs, systems, roles, and databases for better safety, efficiency, and money savings for our citizens with a shared single system for 911 dispatch. This has been a 5-plus-year journey to efficiently replace our current CAD system that is at the end of its life.

After approval by both Alamance County commissioners and the city council of Burlington, we could finalize a contract with Hexagon for our shared 911 CAD system. If approved, we will bring the contract in detail to this board for final approval.

RECOMMENDATION:

Approve
